The Virtual Lab is an online simulation of a chemistry lab. It is designed to help students link chemical computations with authentic laboratory chemistry. The lab allows students to select from hundreds of standard reagents (aqueous) and manipulate them in a manner resembling a real lab. More information and offline downloads. Please scroll below to find our collection of pre-written problems ...

ChemCollective: Virtual Labs

Fragments are incomplete sentences. Usually, fragments are pieces of sentences that have become disconnected from the main clause. One of the easiest ways to correct them is to remove the period between the fragment and the main clause.

Yahoo got its first logo during its establishment in 1994; it consisted of the "Yahoo" wordmark colored black and in the Times New Roman font, displayed as plain text. In March 1995, when the company changed its name to Yahoo!, it introduced another logo with a much more elaborate text that includes an exclamation point at the end, but it was short-lived, being used for only 5 months. In ...

CMS covers two types of annual wellness visits, an initial visit (G0438) and a subsequent visit (G0439). 1 The initial visit is the first time a patient under Medicare receives an AWV, and subsequent visits include all subsequent AWVs. These are both different from the Initial Preventive Physical Examination (IPPE), which is a one-time visit for a patient within 12 months of enrollment in ...
