Head First Python A Brainfriendly

Head First Python is a pretty quick read because of all of the graphics and generous spacing. Although I tend to prefer a sense of order, the cartoonish-looking page layouts really do aid the learning process. I believe that there is a psychological effect experienced by some people, wherein turning a page imparts a sense of progress.

Head First Python: A Brain-Friendly Guide: Barry, Paul ...

Head First Python is a complete learning experience for Python that helps you learn the language through a unique method that goes beyond syntax and how-to manuals, helping you understand how to be a great Python programmer. You'll quickly learn the language's fundamentals, then move onto persistence, exception handling, web development, SQLite, data wrangling, and Google App Engine.
