Science Of Being And Art

The full content is Science of Being, Art of Living, Life and Fulfillment - which are the four sections of the book. First published in 1963, the content sounds modern. Maharishi has a clear lucid conversational style. The first section is metaphysical, and the other three sections are everyday including some humour.

Nursing is as much of an art as it is a science. And a successful nurse cannot have one without the other, embodying both in tandem. When applied together, the art and science of nursing is a force to be reckoned with in healthcare. It's what makes nurses so effective, and it's what makes all the difference to the patients in their care.
